Background

The Prohibition and Excise (P&E) Department in Telangana deals with regulation of possession, production, manufacture, selling, buying, and transport of liquor. It plays the dual role of enforcing prohibition of country liquor (Arrack) and procuring revenue through regulation of Indian Made Liquor (IMFL) and Toddy. The P & E Department, Government of Telangana, along with other State and Central Government Agencies also enforces the law relating to Narcotics and Psycho substances. Excise Revenue is the second largest source for the State Government.

The Telangana State Beverages Corporation Limited (TSBCL) was formed in 1986 and the main functions of the Corporation are –

1. Manage the wholesale trade of Indian Made Foreign Liquor.
2. Set up Arrack Bottling units for carrying arrack operations.
3. Control the Indian Made Foreign Liquors Depots located throughout the State, and more.

As part of its efforts to control and eradicate the spurious and counterfeit liquor with the help of High Security Hologram, the Commissioner, Prohibition and Excise Department (P & E Dept.), Government of Telangana (GoAP) intends to have High Security Holograms for affixing on the products of liquor sales in Telangana, as a proof of payment of Excise Duty and also have 2D Barcode / 1D Linear Barcode based Tack and Trace system for integration with efficient and transparent inventory management.

The Hedonic Path Finder System (HPFS) for liquor sales in Telangana uses Holograms and Barcodes for tracking and tracing the movement of liquor within the state and has the following capabilities:

- Enable exercise personnel have complete control on liquor production at distilleries.
- Track the transportation of liquor produced between distilleries and TSBCL managed storage depots
- Identify illegal sale of liquor by vends (retailers). Vends include retail shops, bars, clubs etc.

Why Security Holograms?

Holography is the most efficient, cost-effective and foolproof brand and product security system in the world, that successfully prevents counterfeiting and forgery. Holograms come in all sizes and shapes and they are used widely in identity documents, credit cards, expensive merchandise, consumer goods, liquor sales, electronic items, passports, telephone cards etc. Security Holograms can effectively eliminate counterfeits and forgeries from the market place.

Who are the users of HPF System?

Users of HPF System include personnel at Excise Department, Distilleries, Depots managed by TSBCL, Vendors (also termed as Vends) that sell liquor within the state covering shops, bars, clubs etc.

Vocabulary

Listed below are some of the common words used in the HPF System:

ENA

Extra Neutral Alcohol (ENA) is base raw material for Liquor production.

Distillery

Distillery is a unit manufacturing end liquor products using ENA. Production at distillery is capped by its license permit issued by excise department.

TSBCL

The Telangana State Beverages Corporation Limited (TSBCL) was formed in 1986 and the main functions of the Corporation are: Manage the wholesale trade of Indian Made Foreign Liquor, Set up Arrack Bottling units for carrying arrack operations, Control the Indian Made Foreign Liquors Depots located throughout the State, and more.

Prohibition & Excise Department, Government of TS (P&E GoAP)

A government body that deals with regulation of possession, production, manufacture, selling, buying, and transport of liquor. It plays the dual role of enforcing prohibition of country liquor (Arrack) and procuring revenue through regulation of Indian Made Liquor and Toddy. Excise Revenue is the second largest source for the State Government.

Vend/Retailer

Licensed bodies permitted to make sale of liquor to the end users through shops, clubs, restaurants etc.

Chemical Laboratory

Chemical composition of ENA and blend are tested and certified in the chemical laboratory. Holding chemical certificate is mandatory when ENA or liquor is transported.

Blend

A ready to bottle mix of ENA and brand based flavors.

Transport Permit

A permit issued by the competent officer for transport of IMFL and FL from the T.S.B.C.L. depot to the licensed premises.

IMFL

Indian Made Foreign Liquor.

Brand

Type of liquor with specified blend parameters

Owner

Owner of one or more brands

1D Barcode

This is a linear barcode and contains hidden data read by 1D barcode readers. A Linear barcode symbol can be read by a single laser beam passing across the length of the symbol. 1D barcode is applied on cases/cartons and possess details like product name, bottle size, number of bottles, batch number, lot number etc.

2D Barcode

This is a matrix barcode and contains hidden data read by 2D barcode scanners. 2D barcode is applied on every bottle on the production line at distillery and possess details like Unique Serial Number, Distillery code.

System Requirements

Following are the basic system requirements for using HPF System.

Operating System

Ubuntu 12.04

Internet

Ensure you are connected to internet and are familiar with usage of internet browsers.

Browser

Ensure your computer is installed with Mozilla firefox.

How to read this manual?

Chapters 1 and 2 of this manual cover the basic details pertaining to HPF System.

Chapter 1 provides you with the necessary background on HPF System and its necessity along with your computer software requirements. Also, you are introduced to the terms normally you come across while using HPF System.

Chapter 2 focus on application system navigation, and makes you familiar with screen layouts and explain you how to read them and use them.

Chapters 3 and later explain you the menu structure related to your role in the HPF System and explain how to use them.

Symbols and Text Organization

Symbols used in the manual and their details:

Tips provide you easier way of using the application

Alerts provide you some of the possible events or actions that possibly got you into the current situation.

Cautions lets you know the possible consequences in the system for the activity currently being done.

Text Representations used in the manual:

- *Italic* way of representation is used to explain the data fields
- **Bold** way of representation is for highlighting purpose

Help and Contact Information

In order to have any help either on usage of the HPF System, or when you experience any problem while using it, you may contact us by calling on the phone line mentioned below or send us an email mentioned against the user group you belong to.

User Group	Help Contact Number	Help Contact Email Address
Telangana State Beverages & Corporation Ltd	+91-9553205000	hpfstsbcl@ctel.in
Telangana State Beverages & Corporation Ltd IML Depot	+91-9553203000	hpfsdepot@ctel.in
Distillery/Manufactory	+91-9553204000	hpfsdistil@ctel.in
Prohibition & Excise Department	+91-9553207000	hpfspe@ctel.in
Vends	+91-9553206000	hpfsvends@ctel.in

Getting Started

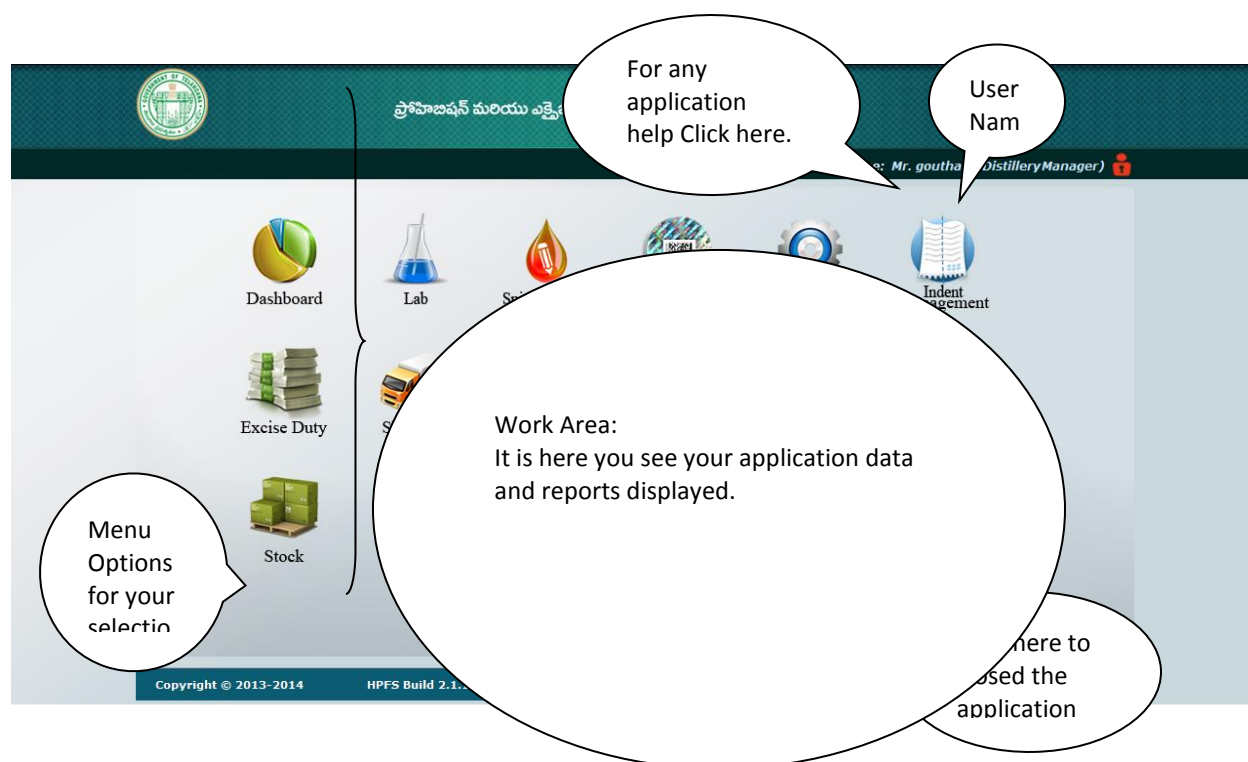

Following sections takes you through the basic details about the HPF System. We will be discussing on how to navigate the system screens, what components are provided on them in detail.

We will also discuss on your home page in detail as well here.

Log in and log out details that makes you enter and exit from HPF System respectively are also discussed in this section.

Application Navigation

Provided below is the general view of a screen in HPF System. Among the components mentioned in the screen, as a user you would be interested in the following:

- User :** This is your login name
Help : A click on this will provide you necessary help on the current screen
Menu : A list of options provided for your role is mentioned in this.
Logout : A click on this takes you out of HPF System
Work area: This is the place where your application data is displayed. Here you can see screen details and also report details that you select.

How to Start HPF System on your Browser?

After starting the computer system do the following steps:

Step 1: Open Browser on your computer system

Step 2: Enter URL provided to you for HPF System. You will see the following screen containing main page of HPF System displayed on your system.

Listed below are the URLs to be used against each user group:

User Group	URL Structure
Telangana State Beverages & Corporation Ltd	www.tsbcl.gov.in/hpfs
Telangana State Beverages & Corporation Ltd IML Depot	<Server IP>/depot/
Distillery/Manufactory	<Server IP>/distillery/
Prohibition & Excise Department	<Server IP>/central/
Vends	<Server IP>/vendors/

The exact URL to be used will be provided to you at the time of application installation.

Main Page

Circulars	List of TSBCD Depots	Regional Offices	Other Links
	Khammam	Hyderabad -1 Hyderabad -2 Adilabad Medak	www.apbcd.gov.in www.aponline.gov.in www.esevaonline.com

Here you can see the following sub windows shown on the main page.

Login Window:

Login window is used for you to login into the HPF System.

Enter your user name and password provided to you for entering HFP System and click on **Sign In** button for getting into the system.

If you forgot your password, click on **Lost Your Password ?** link for getting the same.

Additional Commissioner

Mr Ahmed Nadeem, IAS
Commissioner

Sri. T.N. Venkata Swamy
Additional Commissioner

Key People:

Profiles of the key personnel in the Prohibition & Excise Department are showcased here.

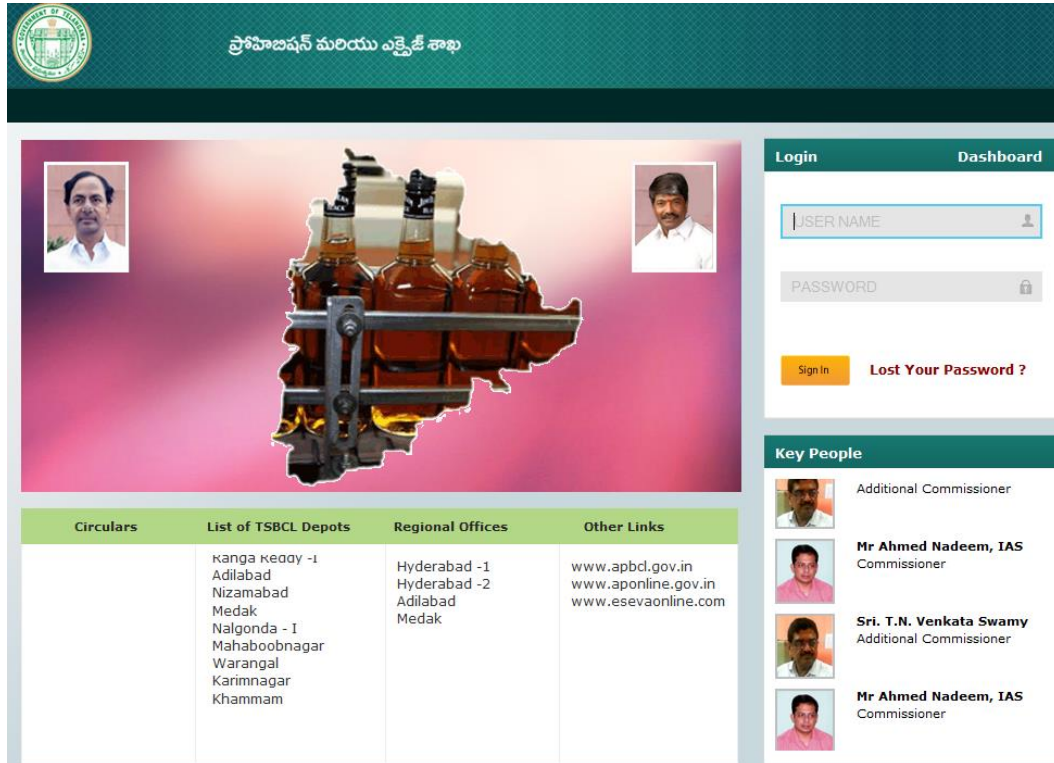

You can see the names scroll in an continuous way upwards

Circulars	List of TSBCL Depots	Regional Offices	Other Links
	Kanga Keady -1 Adilabad Nizamabad Medak Nalgonda - I Mahaboobnagar Warangal Karimnagar Khammam	Hyderabad -1 Hyderabad -2 Adilabad Medak	www.apbcl.gov.in www.aponline.gov.in www.esevaonline.com

List of Circulars , TSBCL Depots, Regional Offices and Other Links can be seen here.

Login Page

Login is the first step to enter into the system. Shown below is the login window provided in the system to facilitate this step.

The screenshot shows the HPF System Login Page. At the top, there is a header with the APBCL logo and the text 'ప్రతిపాదిత మరయు ఎక్స్‌జే సాఫ్ట్‌వేర్'. Below the header, there is a large graphic of a fuel pump nozzle. To the right of the graphic, there is a login form with fields for 'USER NAME' and 'PASSWORD', a 'Sign In' button, and a 'Lost Your Password ?' link. Below the login form, there is a 'Key People' section with four entries, each featuring a photo and name: 'Additional Commissioner', 'Mr Ahmed Nadeem, IAS Commissioner', 'Sri. T.N. Venkata Swamy Additional Commissioner', and 'Mr Ahmed Nadeem, IAS Commissioner'. At the bottom, there is a table with four columns: 'Circulars', 'List of TSBCL Depots', 'Regional Offices', and 'Other Links'.

Circulars	List of TSBCL Depots	Regional Offices	Other Links
	Kanga Keady - I Adilabad Nizamabad Medak Nalgonda - I Mahaboobnagar Warangal Karimnagar Khammam	Hyderabad -1 Hyderabad -2 Adilabad Medak	www.apbcl.gov.in www.aponline.gov.in www.esevaonline.com

Every user who is authorized to use HPF System is provided with a user name and a password.

If you are not having your user name and password for yourself, you may need to contact the system administrator to get them assigned in the system for you to operate.

Whenever you enter a wrong user name and password, system informs you of the same and do not allow you to proceed further. However, you can re-try entering correct username and password till you succeed.

If you are continuously unable to login to the system, please check if your CAPS indicator on your keyboard is on. If so, please press your CAPS key on the keyboard and login again.

Once your login is successful, you are taken to a graphic user menu page showing the major functions in the system as shown below

Log Out

Log out function takes you out of application and you require to login again in order to execute any of the application functions thereafter.

To log out, click on the button . On log out system displays the following screen

Circulars	List of TSBCI Depots	Regional Offices	Other Links
	Kanga Keady -1 Adilabad Nizamabad Medak Nalgonda - I Mahaboobnagar Warangal Karimnagar Khammam	Hyderabad -1 Hyderabad -2 Adilabad Medak	www.apbcl.gov.in www.aponline.gov.in www.esevaonline.com

Menu Option 1

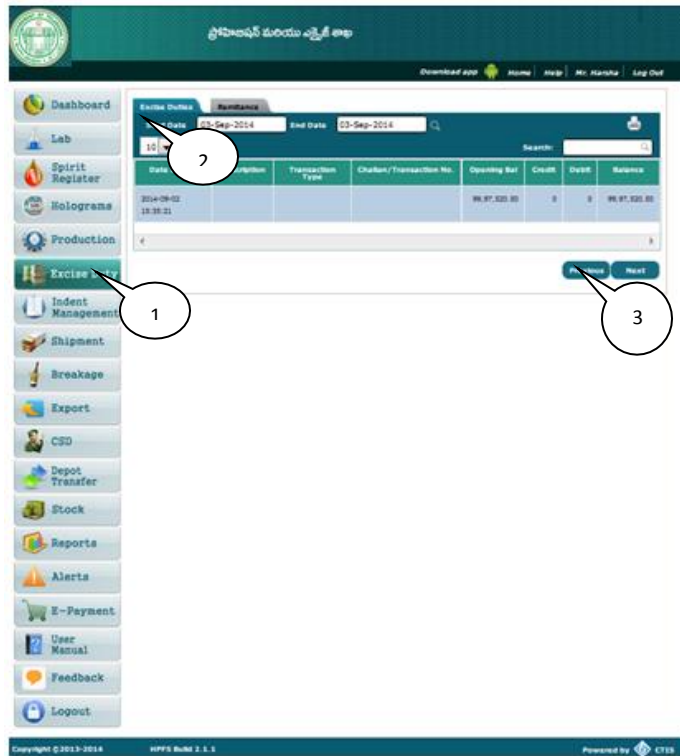

Graphic User Menu Page

As can be seen in the screen shot above, user name of the user logged in is displayed on the right top corner of the screen.

User Interface Profile

Every screen and report in the HPFS System follow a standard user interface as discussed below:

Legend Details:

1. Login user name is displayed here.
2. Screen holder for transaction information display.
3. Main menu is listed here. Main menu keeps changing from user to user based on their role.

In this reports we can avail the date wise production

Reports:

While handling reports at distillery location to select the brand wise at particular Date reports is key point

Step 1: Open the reports

Select the brand name in the drop List

The click on print/view

To click on print /view icon

Alerts

Alerts are meant for displaying messages that emanate either from system based procedures/ transactions and also activities.

To view alerts click on menu item  on the main menu list and system displays the following screen:

The screenshot shows the Alerts screen of the HPF System. The sidebar menu on the left contains the following items: Dashboard, Lab, Spirit Register, Holograms, Production, Excise Duty, Indent Management, Shipment, Breakage, Export, CSD, Depot Transfer, Stock, Reports, Alerts (highlighted), E-Payment, User Manual, Feedback, and Logout. The main content area displays the Alerts section. At the top, there is a search bar and a 'Show' dropdown menu set to 10. Below this is a table with the following columns: Alert Name, Alert Channel, and Subscribe. The table currently displays 'No data available'.

Alert Types:

Alerts defined are of multiple types in the system. To view various alert types provided in the system click on the button .

On clicking the button system displays the following screen:

Name	Subject	Body	Action
No data available in table			

Alert Role Map:

Alert role map defines lists user roles which are to be included in the display list of a given alert.

In order to view the list of role maps in the system, click on the button **Alert Role Map**. Then system displays the screen listed below:

INCLUDE SCREEN SHOT CORRESPONDING TO 'ALERT ROLE MAP' HERE.

User Manual

Intentionally left blank

Logout :

Log out function takes you out of application and you require to login again in order to execute any of the application functions there after.

To log out, click on the button . On log out system displays the following screen.

The screenshot shows the HPF System Logout screen. At the top, there is a green header with the Government of Telangana logo on the left and the text "ప్రాధికార మరయు ఎక్స్‌జిజ్ శాఖ" on the right. Below the header, the main content area features a large image of a mechanical press on the left, flanked by two small portraits of men. To the right of the main image is a sidebar with a "Login" section containing fields for "USER NAME" and "PASSWORD", a "Sign In" button, and a link for "Lost Your Password?". Below the login section is a "Key People" section listing three individuals: Mr. Ahmed Nadeem, IAS (Commissioner), Sri. T.N. Venkata Swamy (Additional Commissioner), and Mr. Ahmed Nadeem, IAS (Commissioner). At the bottom, there is a footer with copyright information "Copyright © 2013-2014", a small Android logo, the text "HPFS Build 2.1.1", and a "Powered by CTIS" logo.
